Jeter Manila Folders

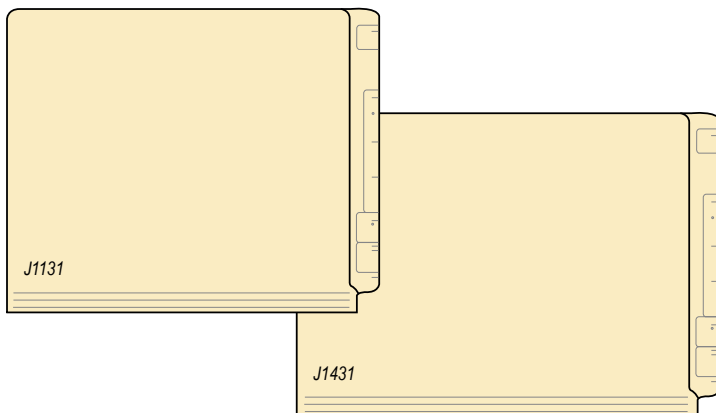

Super Coder File Folders

Super Coder folders have a full-length end tab designed with a variety of label placement fields. All Super Coders come with our trademarked label alignment marks. These alignment marks are unique and make it easy to place labels in the correct position time after time. Super Coder File Folders are available in both letter and legal sizes.

Standard End Tab File Folders

Jeter standard end tab folders are of the same high quality as Super Coders. With standard end tab folders, the tab is undercut to match other file folder systems. Jeter's special label alignment positions are available on select standard end tab folders.

Jeter Mini Manila Folders

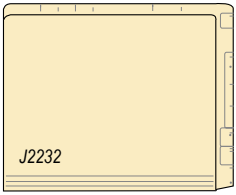

Compact Filing Supplies

Mini size folders are an optimum way to contain smaller than letter size records. They have become standard throughout the optical industry, used by nationally recognized chains. If only a few letter size documents accumulate within your folders, mini size file folders could be used to save an enormous amount of space. Simply fold the documents in half. Jeter manufactures a complete line of mini size filing equipment and color-coding labels to complement our mini file folders.

Top Tab File Folders

Jeter has designed a line of top tab file folders made of heavy grade, 14-point manila stock. These systems work well in drawer files and/or in lateral roll-out systems. Our top tab file folders are taller for improved visibility. Label alignment marks are preprinted at the factory, so you know exactly where to put the appropriate color-code. Use our top tab folders with our Top Coder color-coding system. File folders are available from stock with fasteners in common positions.

Jeter Color Folders

Color Stripe Super Coders

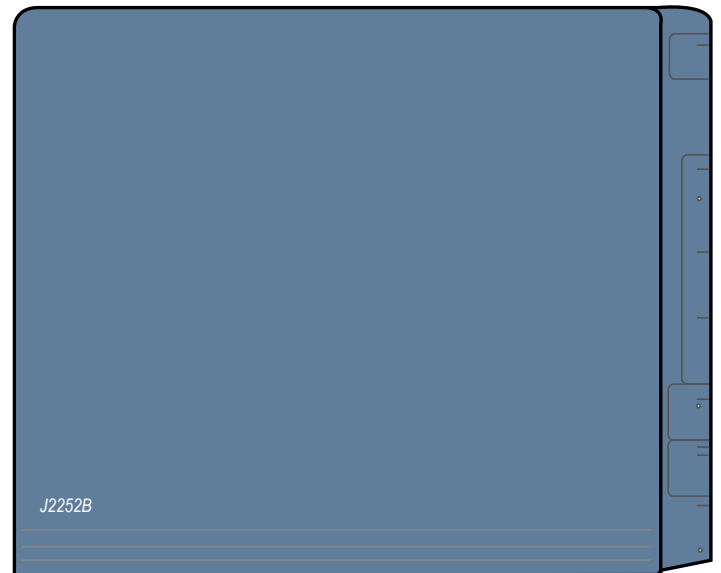

Color Stripe Super Coder folders are used to color-code different classes, groups or years. Available in blue, green, red and yellow color stripes. Stronger than any colored stock folder, they are super reinforced with a full 1-1/2" of 14-point manila paper folded over and glued for added strength and rigidity. Color stripes are 1-3/4" deep.

Color Super Coders

Jeter makes Super Coders in five bright, distinctive colors: blue, green, red, white and yellow. These are the highest quality colored folders available. They feature paper much stronger than the normal dyed papers used by most folder makers, plus a super reinforced tab. Coloration is very even and consistent. These folders are printed with our unique label alignment marks for simple color coding.

Pressboard Folders

Jeter pressboard folders are made from pearl-gray, genuine pressboard. Because this is the strongest premium stock available, these folders offer the greatest durability. Our folders come with a standard style undercut end tab, with printed alignment marks for accurate label placement. Folders for both letter and legal size systems, with or without bonded style fasteners are available.

Jeter Stock Folders with Pockets

Super Coders with Pockets

Many organizations find pockets inside file folders to be a sound way to deal with small documents, photographs or labor reports. Sometimes, pockets are used to segregate certain documents that carry signatures and other data. Jeter manufactures a broad variety of pockets, and our most popular file folders are stocked with pockets and/or fasteners.

Bottom and Side Tab Index Labels

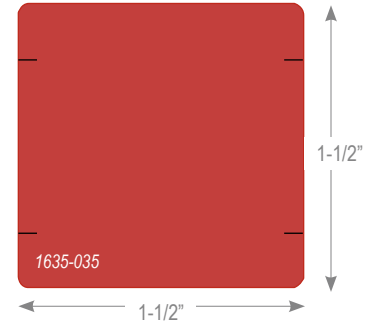

Alignment marks on Jeter file dividers allow for two basic index placements, bottom tab and side tab. Index labels are available in a rainbow of colors and come with a protective Mylar covering. Choose from our solid color indexes and/or a variety of labels with printed categories. Labels can also be custom printed to meet your requirements. To review Standard Manila dividers used for label indexing, refer to page 21.

Series 1635 Solid Color Indexes

Use Jeter 1635 Series index labels and Jeter dividers to separate and classify records. We have a variety of index labels to create unique color-coded classifications — choose from solid colors or printed categories.

Jeter File Dividers

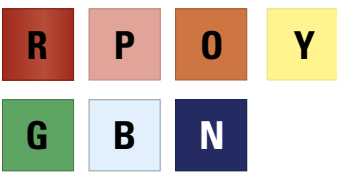

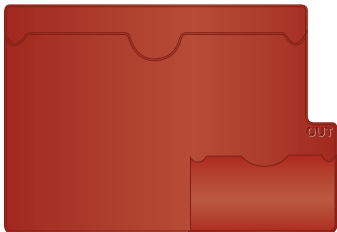

Jeter outguides are a great way to control documents when removed from the file. A charge-out form on the outguide names the borrower of the record and notes the date the record left the file area. The outguide clearly indicates where to return file folders that have been removed from the system, so refileing is both fast and accurate, saving valuable time.

Most Jeter out-guide folders contain a pocket to hold documents. Once a file folder is returned to the system, the documents can be transferred directly into the permanent folder. Jeter outguide folders are available in a variety of colors. These colors can be used to signify certain weeks of the month, specific departments or whatever meets your organization's needs.

Pressure-Sensitive Pockets

Jeter offers many different sizes of pressure-sensitive pockets. You can add pockets wherever and whenever required. These pockets are great for small media, such as ID cards, microfiche and lab reports. Pockets are durable, yet thin enough to not add bulk to your file folders. Open side of pocket is first dimension.

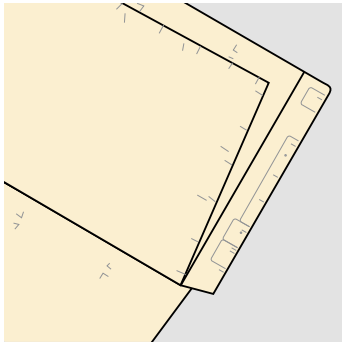

MODEL NO.	SIZE	QUANTITY/ BOX	WT./BOX
Poly Pockets — Clear Front and Back Panel

DocuClip File Fasteners

The perfect file fastener for medical records. This unique plastic fastener converts a file folder into a well organized loose-leaf format. The self-adhesive back allows for easy insertion to any file folder. Its flexible, three piece design (base, extensor and compressor bar) features legs that are easily removed so documents can be inserted, removed or copied without disturbing preceding pages.

Factory-Installed File Dividers

File dividers are embossed with alignment marks and diecut for the insertion of TP-1 fasteners. Dividers are installed with pressure-sensitive tape. Factory-glued option available by quote.

Our #J13013-TP-1 letter size divider has a 1/2" cutout at the top and a machine-applied TP-1 fastener, which enables you to attach documents on the front and back of the divider.

File Dividers

Jeter file dividers separate the internal contents of file folders. Use of these dividers allows you to keep key information segregated for convenient access as files grow. You may select dividers that accept an extra fastener, which allows a section of materials to be removed without disrupting other documents within the folder.

The dividers listed have embossed position marks around their parameters to receive Jeter's standard indexing labels to create actual tabs.

Environmental Policy Statement

Our environment has become a subject of increasing importance in the world. TAB recognizes the importance of a sustainable earth and believes it is the responsibility of every person and every enterprise to set a standard for sustainability by assessing the impact of their business practices on our environment and implementing sound policies throughout their process and daily operations.

TAB has committed itself to reduce impacts on the environment and operating costs through pollution prevention activities. Through more proficient manufacturing methods and

investments in our facilities, we have seen reduction in material wastes, minimal air emissions and improvements in wastewater pre-treatment.

We consider the environmental impact of procedures throughout all facets of operation including, but not limited to purchasing, engineering, material handling, processing, manufacturing and transportation.

We incorporate best management practices into every decision-making process to reduce pollution to the minimum levels technically and economically feasible, while achieving

or exceeding compliance with all State and Federal regulations and increasing productivity, quality and value.

We continually renew the commitment to excellence and leadership in protecting the environment by using the basic principles of pollution prevention, waste minimization, waste elimination and recycling.

TAB's products are manufactured to meet and exceed environmental standards and provide a long useful life. Our suppliers are also selected according to these same friendly environmental practices

criteria. Our steel and paper suppliers use recyclable material content.

Our packaging department uses minimal amount of cardboards and whenever possible shrink wrap all the materials while ensuring that the products are safely protected when in transit to our customers.

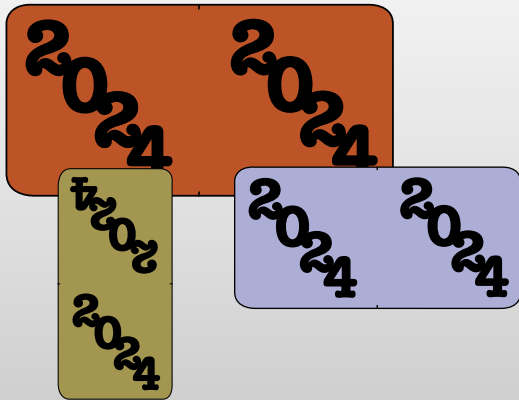

TAB is committed to achieving a sustainable harmony with our global environment. Continuous commitments and improvements in providing adaptable workspace solutions with high-quality products are the foundations of our company.
